Glass Preparation

Technical drawing of a shaft assembly. The shaft has a total length of 105 mm. It features a central section with a diameter of $\varnothing 32$ and a length of 73 mm. This central section is flanked by two sections with a diameter of $\varnothing 22$, each with a length of 83 mm. The shaft is supported by bearings with a diameter of $\varnothing 30$. The overall diameter of the shaft is $\varnothing 50$. The drawing includes dimension lines and arrows indicating the measurements.
