Glass Notch for countersunk point stud

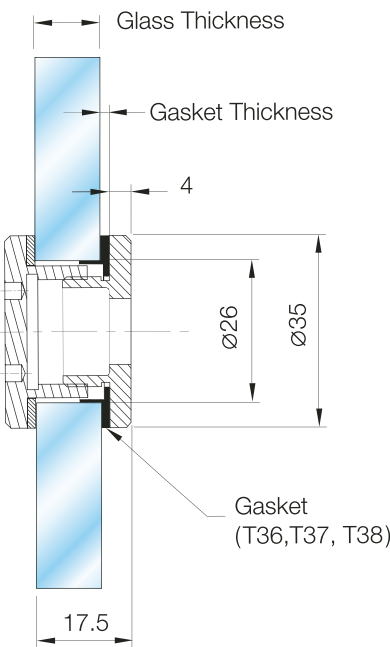

CSA-Countersunk Point Stud (Adjustable)

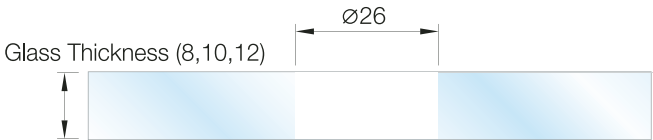

Glass Preparation for Countersunk Point Stud

Round Gasket Model	Glass Thickness
T38	12mm
T37	10mm
T36	8mm

Glass Notch for flathead point stud

FHA-Flathead Point Stud (Adjustable)

Glass Preparation for Flathead Point Stud

APPLICATIONS

- This system combines the use of stainless steel components and glass panels to accentuate the design simplicity of glass panels facades.
- With its common interchangeable components and choice of flush-fitting or flathead fitting, results in ease of installation and assembly.
- Adjustable fittings results in ease of installation for out of "hole to hole" centres.

FINISHES / MATERIAL

- Satin Stainless Steel / SUS 304

Disclaimer:

All parts production tolerances and technical design changes remain reserved.
Point Fix System used in the surround have no load bearing function therefore ensure proper selection on the right support.
